The Greater Bowie Chamber of Commerce was established in 1983, as a broad-based organization that strives to improve the commercial climate of the City, to promote planned economic and community development, and to make the greater Bowie community a better place to live and work.

The foundation of the Chamber is its growing and diverse membership, which accomplishes the aims of the organization by volunteer service on its board and standing committees. The Chamber is made up of members with common interests and concerns related to the business environment in the greater Bowie area. Together we are the only professional trade organization in the greater Bowie area, and our mission is to protect, enhance and promote local business by providing a voice for businesses at local, county and State levels. We are the organization of choice for business advocacy in the greater Bowie area.
